## IV. STATEMENT OF CLAIM

*State here, as briefly as possible, the facts of your case. Describe what each defendant did to violate your constitutional rights. Include also the names of other persons involved, dates, and places. Do not give any legal arguments or cite any cases or statutes. If you intend to allege a number of related claims, number and set forth each claim in a separate paragraph. Use as much space as you need. Attach extra sheets of paper if necessary.*

The defendant's named herein have violated my constitutional rights as well as those rights afforded to me by the "Americans with Disabilities Act". Plaintiff is a "Deaf-Mute" inmate currently incarcerated at the Federal Correctional Institution-Gilmer, while at this facility plaintiff has been discriminated against, and continue's to be discriminated against due to his disability and impairment.

## VIOLATION OF PLAINTIFF'S RIGHT'S BY DEFENDANT HEADY

Unit Manager Heady has consistently retaliated against petitioner for exercising his constitutional rights under the First Amendment. The plaintiff complained to Mr. Heady that the phone system did not provide translation for him in the Spanish language, so that he may be able to speak with his mother who does not speak the English language. The plaintiff is a Deaf-Mute who does not know how to type in the spanish language nor can he read his mothers spanish writings that come out of the TTY machine. Once he complained to Unit Manager Heady, defendant Heady told the plaintiff that he was not going to go out his way to accomodate the plaintiff because that then all other inmates would seek accomadations. The plaintiff told defendant Heady that he was not asking for any special accomadations but just for a TTY system that translated from english to spanish and from spanish to english, just so that he could communicate with his mother. Defendant Heady refused and told plaintiff to stop whining. Each time they communicated, they did so by writing their thought's on paper but each time defendant Heady would keep the written notes. The plaintiff then went above Mr. Heady's head and complained about his problem with the TTY system, to Warden Wendt. Mr. Heady took offense to this, and called the plaintiff one afternoon to his office and gave the plaintiff a large phone bill of several thousand dollars, and told the plaintiff that because of his whining now he was going to pay for all the phone calls he made, using the TTY phone, and until he did so his phone privileges were suspended. This action on the part of defendant Heady constitutes retaliation against the plaintiff for complaining to the Warden. The plaintiff never before

had been charged for any phone calls he had made, while utilizing the TTY system. In this instance, defendant Heady, imposed a severe hardship upon the plaintiff, (due to plaintiff complaining to the warden about Mr. Heady. Defendant Heady violated the plaintiff's First Amendment right under the United States Constitution, when he retaliated against the plaintiff, for plaintiff exercising his right's under the First Amendment to File for grievance and or raise complaints.

Defendant Heady was also deliberately indifferent to plaintiff's disability and physical impairments, and instead of retaliating against the plaintiff, Mr. Heady should have afforded the plaintiff those rights he was entitled to under the American with disabilities Act, which defendant Heady, so easily ignored.

Mr. Heady, further discriminated against the plaintiff, in the choices of job assignments that were given to the plaintiff, and in the educational desires of the plaintiff. The plaintiff, on numerous occasions, had requested from Mr. Heady, to be assigned to job positions that he knew were available but Mr. Heady told him that he could not be assigned to those jobs because plaintiff could not "HEAR NOR SPEAK", and to stop asking for assignments to these jobs. The plaintiff submitted numerous request forms, that are annexed hereto as EXHIBIT-A, requesting said job positions, but each time he would be told that no positions were available. But in fact said positions were available and were given to inmates that could hear and speak.

The petitioner attempted to do the same with educational courses offered here at the institution but he received the same discrimination as he did in his job search. In this instance the petitioner's Statutory rights under the American with Disabilities Act, were violated by defendant Heady, all in violation of the First, and Fourteenth Amendment of the U.S. Constitution.

#### VIOLATION OF PLAINTIFF'S RIGHTS BY DEFENDANT WENDT

Defendant Wendt is the Warden of FCI-Gilmer. As such, he is the direct supervisor of this Correctional Facility. The plaintiff approached Warden Wendt, and explained the numerous acts of discrimination he was forced to endure at the hands of defendant Heady but Warden Wendt did not do anything to cure said discrimination nor did he assist the plaintiff with his concerns, as a result, plaintiff began to file his grievances against the hardships that were being imposed upon him by the jail. Plaintiff filed a Request for Administrative Remedy (BP-9)) to the Warden, Wendt, informing him of his needs as an inmate with a disability but plaintiff's request was denied by the warden. The defendant Warden Wendt was aware personally of the violations that were happening against plaintiff but he did not do anything to prevent said violations nor to cure the constitutional violations and discrimination that was happening against the plaintiff, when he had the direct power and authority to do so. As such, defendant Wendt is liable for the violations incurred by the plaintiff.

VIOLATION OF PLAINTIFF'S RIGHT'S BY DEFENDANT K.M. WHITE

Defendant K.M. White is the direct supervisor of all federal staff member whom are employed by the Bureau of Prisons, working in the Mid-Atlantic Region. Mr. White is the Mid-Atlantic Regional Director of the Federal Bureau of Prisons. Mr. White is liable because he was fully aware and fully informed of the plaintiffs plight but yet did nothing to cure or correct the constitutional infirmities being suffered by the plaintiff.

The plaintiff filed a Regional Administrative Remedy Appeal (BP-10) to the Regional director Mr. White, soon after the denial of his request for administrative remedy. In the response I received from the Warden in my original administrative remedy, he failed to address my concerns, and kind of brushed them aside. Plaintiff then filed the appeal which was subsequently denied by defendant White, whom claimed falsely, that plaintiff was being afforded a plethora of rights when in fact this was not true. Defendant White's failure to fully apprise himself of all the facts concerning the plaintiff's complaint and to cure and or correct the constitutional infirmities that were done against the plaintiff, makes him liable to the plaintiff for the discrimination, and constitutional violations suffered by plaintiff, all in violation of the plaintiff's First Amendment right, 14th amendment right, and the American with Disabilities Act.

VIOLATION OF PLAINTIFF'S RIGHT'S BY DEFENDANT LAPPIN

Defendant Lappin is the Director of all of the Federal Bureau of Prisons, and as such is responsible for all its employees actions, of which he was aware but failed to do anything about it. After the denial of plaintiff's Administrative Remedy Appeal, he immediately filed a Central Office Administrative Remedy Appeal to Director Lappin, informing him that the Regional appeal decided by the regional director was in fact false and incorrect. But the Director simply responded, through a Mr. Harrell Watts (administrator national remedy appeals) that all my concerns were addressed in the responses I received in my request for administrative remedies. It is this kind of deliberate indifference that this court should not tolerate. In this response, the Director through Mr. Watts, frowns upon the American with Disabilities Act and upon the United States Constitution, and the civil rights of the plaintiff, and Director Lappin is Therefore liable, as is Mr. Watts, for violations of plaintiffs civil rights and the American with Disabilities Act.

**RE: ADA Complaint DJ# 204-83-0**

Dear Mr. Fellove:

This letter is in response to the complaint that you filed with this office alleging a possible violation of the Americans with Disabilities Act (ADA). The Disability Rights Section reviews individual complaints filed by prisoners under title II of the ADA.

After carefully reviewing the information that you provided, we have decided not to take any further action on your complaint. Unfortunately, due to the hundreds of title II complaints that we receive each year, we do not have the resources to resolve all of them. We have made no determination regarding the merits of your complaint or whether it could be redressed under the ADA or another statute. Moreover, our decision does not affect your right to pursue your complaint in another manner. You may wish to contact an attorney or legal service to determine what remedies may be available.

We have enclosed a list of agencies and groups in your state that may be of some assistance to you. If you have specific questions about title II of the ADA, you may call the ADA Information Line at 800-514-0301 (voice) or 800-514-0383 (TTY).

We regret that we are unable to assist you.

Sincerely,

Dear Ms. Gates:

This is in response to your May 27, 2004, letter to the Federal Bureau of Prisons regarding Damis Fellove, Register Number 67636-004. In your letter, you contend inmate Fellove was not designated to the facility which was ordered by the sentencing judge and has not been able to call his family. You ask that inmate Fellove be transferred to a facility in Florida and be granted a reduction in sentence.

We have conducted a review of the issues you raise. We have determined that staff have been responsive to inmate Fellove's needs. He is serving a 180-month sentence for Conspiracy to Possess with Intent to Distribute Cocaine and Possession of a Firearm in a Drug Trafficking Crime. Though the sentencing judge did recommend camp placement, given the length of the sentence imposed and the severity of the offense, inmate Fellove is not currently eligible for camp placement.

Staff have assisted inmate Fellove in making telephone calls via the TDD system. The Bureau of Prisons has not blocked his parent's telephone number. Our policy provides that an inmate is responsible for paying for all telephone usage. However, he has a current balance due in the amount of \$1,500 for such telephone calls, and must begin to resolve that debt. In the interim, he may make collect calls and will be provided one call per month as required by our policy.

Inmate Fellove is assigned to work as a unit orderly. Should he wish to change work details or participate in programming, he should submit a request to the appropriate staff at the institution. The Bureau of Prisons does not provide legal assistance to inmates, and other inmates who may assist him with his legal matters may not charge for such assistance. We have

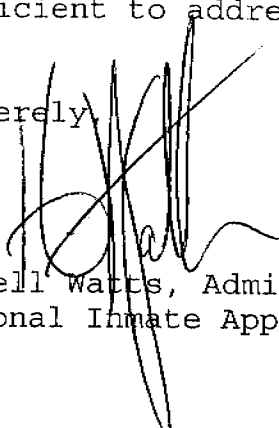

referred your information regarding this matter to institution staff for their review.

There is no evidence that inmate Fellove has been discriminated against. Additionally, he has submitted no complaints via the Administrative Remedy Program. If he feels he is being discriminated against, he should feel free to bring such to the attention of the institution's Executive Staff, who are available, usually during the noon meal, to speak with any inmate.

The Bureau of Prisons has no independent authority to reduce an inmate's sentence. He may wish to consider submitting a request for Compassionate Release or Executive Clemency. Institution staff can provide him the necessary paperwork upon his request.

I trust this response is sufficient to address your concerns.

Sincerely,

Harrell Watts, Administrator  
National Inmate Appeals

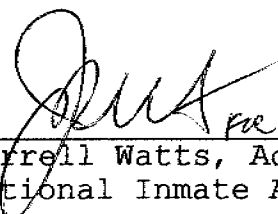

**Administrative Remedy No. 338409-A1**  
**Part B - Response**

You contend you are hearing- and speech-impaired and are not afforded the same privileges, rights and opportunities as inmate who are not impaired. You contend you are being discriminated against. You request that proper equipment be obtained to accommodate your impairment or that you be transferred to another facility where such equipment is available.

Our review of this matter reveals that both the Warden and the Regional Director have adequately addressed your concerns. Staff have made significant effort to accommodate your disability. These accommodations have been described in detail in the previous responses. We find no evidence of discrimination.

Your appeal is denied.

**Part A - REASON FOR APPEAL** I am not satisfied with the Regional Director's response, therefore,

I am appealing. The Regional Director incorrectly avers that "you have been afforded the opportunity to participate in educational and vocational courses available to all inmates at FCI Gilmer," this is not true. I have been allowed only to participate in one or two programs while many are available to hearing inmates. Secondly, the assignment of a cellmate does not account for periods when I am alone in the cell (e.g., when cellmate is at work, recreation, visitation or doing other daily activities). Contrary to the Director's response FCI Gilmer does not provide me the equal opportunity to enjoy the institutional weekly movies in that they do not bring into the institution movies with the closed-captioning available. Furthermore, the Director admits that there is currently no staff at FCI Gilmer trained in sign language when there should be. The Director also admits that I have not been provided the equal xxxxxxxxxx opportunity that other inmates enjoy with the use of the telephone system he states that I should communicate with friends and family through written correspondence while others can utilize the telephone. All of the above indicate that I have been discriminated against and that B.O.P. policy is being violated, as such I am entitled to relief. Finally, if I was faced with an emergency or life threatening situation, all of the above shows that I would be helpless.

## **Regional Administrative Remedy Appeal Part B - Response**

**Date Filed: July 12, 2004**

**Remedy No.: 338409-R1**

You appeal the Warden's response to your Request for Administrative Remedy. You request to have appropriate measures implemented to address your hearing and speech disability. Specifically, you indicate you are unable to hear the public announcement and fire alarm system, as well as the television due to the unavailability of closed captioning. You also indicate the TTY-TTD system does not translate into the Spanish language to facilitate communication with your mother. Furthermore, you request the availability of a staff member certified in sign language and a transfer to an institution that maintains appropriate equipment to assist with your disabilities.

A review of these issues indicates staff at your facility have made reasonable accommodations in response to your concerns. Specifically, you have been afforded the opportunity to participate in educational and vocational courses available to all inmates at FCI Gilmer. A cell-mate has been assigned to assist you in the performance of daily activities. The unit officer has been advised to be especially vigilant in assisting you in the event an emergency should arise resulting in an evacuation of the unit. You have also been provided the opportunity to view television programs where closed-captioning is available, although this is not the standard for all programs and/or movies. Furthermore, unit staff have provided you regular access to the TTY-TTD telephone system to communicate with family and friends. However, the telephone system provider to the institution no longer offers the capability to translate communication via the TTY-TTD system from English to Spanish, or vice versa. You do have the option of contacting your family and friends through written correspondence. Although there are currently no staff at FCI Gilmer trained in sign language, you may certainly communicate through Inmate Request to Staff Member forms. Your request for transfer should be addressed with members of your unit team during your scheduled September 2004 inmate program review.

Your appeal of the Warden's response is denied. If you are dissatisfied with this response, you may appeal to the General Counsel, Federal Bureau of Prisons, 320 First Street, N.W., Washington, D.C. 20534. Your appeal must be received in the General Counsel's Office within 30 days from the date of this response.

**Part A - REASON FOR APPEAL** I am not satisfied with the Warden's response, therefore, I am appealing his denial of relief. The Warden admits that FCI Gilmer is not properly equipped according to regulations to house me. I am a deaf-mute prisoner. My complaint is that I have been, and, continue to be discriminated against based on my ability. Specifically, I should be allowed the same privileges, rights, and opportunities that prisoners who can hear have access to. Yet, I am not allowed the option to participate/work in most jobs or programs at FCI Gilmer because FCI Gilmer is not properly equipped for me to be housed in. Currently, (1) I can not hear the public announcer and therefore, I am unable to awake for work call, breakfast or 10 min. moves because FCI Gilmer will not provide vibrating bed equipment, etc.; (2) there is no fire alarm sensor (flashing light) in my cell; (3) the institutional movies should contain closed captioning but instead they are brought in without regard for deaf-mutes; (4) The TTY-TTD Phone System here does not allow me to speak with my family (mother) in Florida because the system here is in English on my end but needs to be translated into Spanish on the other end in that my mother speaks Spanish while I do not; (5) All hearing inmates can use the telephone whenever they wish (7:30a.m. thru 11:30p.m.) while I can not, and (6) There should be either certified staff in sign language or speaking/translator machine so that I can communicate more effectively with staff and people as a result of this lack in the proper device I am forced to put other inmates into my business which in some cases is private (matters that should only be between me and staff). The above mentioned equipment should immediately be made accessible or I should be immediately placed in a facility where this equipment is readily available.

**Remedy ID No. 338409-F1**

Your Request for Administrative Remedy #338409-F1 receipted on June 9, 2004, has been received. You request that FCI Gilmer provide you with a vibrating bed, closed captioned movies, a TTY-TTD phone system that translates English into Spanish and staff members who are certified in sign language.

Our investigation into this matter reveals that your unit team has assigned your cellmate to wake you up for work call, and in cases of a fire, to make sure you are awake. Also, the Unit Officers have been made aware that you are deaf and have been advised to check on you in case of a fire.

Whenever possible, staff will attempt to get movies that have closed captioning. It is not always possible to obtain these types of movies.

Staff currently have a TTY-TTD machine that you can use, to make collect phone calls. The services does not translate English into Spanish. If you are aware of service that translates English into Spanish can you please provide staff with the information.

FCI Gilmer currently does not have any staff certified in sign language. If you need to communicate with staff you can submit a written request and staff will respond to it in writing.

Therefore, your request for relief is denied.

If dissatisfied with this response, you may appeal to the Regional Director, Federal Bureau of Prisons, Mid-Atlantic Regional Office, 10010 Junction Drive, Suite 100-N, Annapolis Junction, MD 20701. Discussed your request with the Warden. We are not inclined to approve the requests you make. You have access to the telephone as well as an interpreter when needed. The costs through the staff telephone are also high and the amount of staff time required to supervise would limit the amount of time spent with other inmates resolving their issues/concerns. I am deaf-mute and I use the Relay Company to place my phone calls. - Until recently I was calling Florida, but now I can call no more. For some reason the Company that translated for me is not doing it anymore. the C3 counselor advised me to place a cap-out to you to find out why I can't call FLA anymore, when I can still call ATLANTA.

Respectfully,  
Damis Fellove

DISPOSITION:

You will need to have your family member / friend in Florida contact the Relay Company & find out an alternative company for you to use. There should be another company in that area that can provide you with the service.
